

Baleares International College

Mallorca

an Orbital Education School

Dear parents,

We are delighted to inform you of our whole school online learning platform called **Canvas**. Canvas streamlines digital tools and content used by teachers and students, for a simpler and more connected home learning experience. This enables us to provide access to learning, information and home learning for all students throughout the year.

Over the next few days, your child will be given their own login details for Canvas which allows them to access course information. They have been given a password, please do not change their password. Keep their password safe. If you would like to view or support your child's online learning please go to :

learning.orbital.education

You will see the login interface below:

Canvas

Welcome to the Orbital Education Canvas Login portal - Can you please tell us who you are? We can then send you to the correct login portal.

Staff or Students

If you are a member of staff or a student at a group school and have already been given a login, please choose this option.

[Staff or Student](#)

Parent or Relative

If you are a parent or relative of a student in one of our schools, please choose this option.

[Parent or Relative](#)

Click on **Staff or Student** and **use the login details provided for your child** in order to access your child's subjects, home learning and assignments.

If you experience any technical issues please contact it.support@balearesint.net
